

PSK Pre-Cleaning System for Endoscopes

The benefits

☐ A four year study

Studies were conducted in Peninsula Endoscopy Centre, Victoria Australia on Pentax, Olympus and Fujinon Endoscopes

☐ Reduction of cleaning time

For Pentax endoscopes the average time was reduced by 88% and for Olympus endoscopes by 81%

☐ Infection control

Up to 99% success rate on controlling infection

☐ Costs reduced

Running costs were reduced by 81% to 88%
